Airport Information

Austin-Bergstrom International Airport (AUS) is 66 miles (1 hr. 4 min) if you take the 130 Toll. This takes you completely around Austin which has terrible traffic. If you go I35, it's about 63 miles (1 hr. 15 min) and no toll. This is the airport we advise to fly into, smaller and much easier to get around.

San Antonio International Airport (SAT) is approximately 45 miles (51 minutes) Traffic can get very congested during rush hour, so be aware.

Uber is available to Seguin but be prepared to spend quite a bit. Seguin is a small rural area.
